NATIONAL HONOR SOCIETY

Membership in the National Honor Society (NHS) is one of the highest honors that can be awarded to a high school student.

HAA's chapter, The Differencemakers, has worked hard to bring the accomplishments of outstanding students to the attention of parents, teachers, peers, and the community. Our chapter strives to give practical meaning to the Society's standards of scholarship, service, leadership, character, and citizenship. These five ideals are considered as the basis for selection. No student is inducted simply because of a high academic average. The National Honor

Society strives to recognize the total student—one who excels in all of these areas.

Membership is more than an honor. It is an ongoing responsibility and an obligation to continue to demonstrate those outstanding qualities that result in a student's selection.

This year the NHS has been able to resume their community service projects. In October HAA partnered with AMITA Health for our first At Home Health Clinic, this provided the community with free health care, pharmaceutical's, food, and so much more! November they volunteered for the Hot Chocolate Run in Chicago, for this event they were joined by the Student Association Officers and class officers for the junior and senior classes (picture to left).

Just this month, Phillip Suvacarov, Chapter President, was able to coordinate with the Hinsdale SDA Church and Amita Health for the members to volunteer with the Northern Illinois Food Bank (pictures below) to distribute food baskets to families in the community.
