### Preface

We bring you Memories of the past which we will remember in the future. It is our Annual; the story of our school year and its progress in making us better citizens here on earth and in preparing us for heaven. As you turn these pages you will get a glimpse of some of our activities---physical, mental, spiritual, and social, and you will get to laugh at some things in the past, smile at the things of the present, and hope with us for a future of happiness for everyone who reads these pages.

--Kim White
